~~((7302-05 Parimutuel horse racing: Licensed employments, N.O.C.~~

~~Applies to employments licensed by the Washington horse racing commission who are not mandatorily covered under Washington workers' compensation insurance laws and are not covered by another classification. This classification is *only* for individuals such as, but not limited to, horse owners, trainers, farriers, and veterinarians, who hold specialty licenses issued by the commission. These individuals are generally owners of a business such as that of a farrier or training services. The business entity could be a proprietorship, partnership, joint venture, or corporation and may or may not have employees. The qualifying factor for this classification is that these individuals are licensed by the horse racing commission, are *not* mandatorily covered under Washington workers' compensation insurance laws, and are *not* included or covered by another classification. For example, a veterinarian who operates a veterinary clinic away from a race track and treats various animals such as dogs, cats, cows, and horses would report owner coverage (*if elected*) in classification 6107, not in classification 7302.)~~
